To obtain the available electronic project files, the Contractor should mark the CD/DVD column on the plans' order form. (The order forms are found on the letting webpage from the Division of Construction Procurement). The Contractor must also sign the order form acknowledging the following disclaimer:

It is hereby understood and agreed to that all electronic project files given to the Contractor are for information purposes only. The Department is making these files available to Contractors and assumes no responsibility for their accuracy. These files are not a part of the Plans and Specifications or Contract for this project. Per 102.06 of the Standard Specifications for Road and Bridge Construction, prospective bidders should examine the site of the proposed work, the Bid Proposal, Plans, specifications, and contract forms, before submitting the Bid Proposal. In the case of a discrepancy between the information contained on the disk and the proposed site, site conditions control. The Department considers the submission of a Bid Proposal prima facie evidence that the bidder has made such examination and is satisfied as to the conditions to be encountered in performing the work and as to the requirements of the Contract. It is understood and agreed to by the Contractor that he shall indemnify and save harmless the Commonwealth, the Department, and all its officers, agents and employees from all suits, actions or claims of any character brought on by any inaccuracies or discrepancies between the information contained upon the disk and the official contract documents.
